Year 8 share some of their brilliant poems from Child Mental Health Week

Hello Everyone,
Another week has flown by here at Two Boats School and we have only two weeks left in Term 2A. This week we have had the Marine team in from Conservation to deliver an assembly to the secondary students on an interesting Youth Project that they are keen to get underway. This will provide an exciting opportunity for up to 8 of our secondary students to get involved in conservation issues here on the island. Thank you to the Marine team and we look forward to working with you all.

We have had another successful Parents Evening on Wednesday 10th February for our Year 10 & 11 students with another 100% attendance. Once again it was lovely to see the parents and to discuss pupil progress.

Below you will find a list of prize winners for the Children's Mental Health week competitions. Well done to all students who took part, the work was of a very high standard and the judges had a very hard task.

That's it from me for now.

Mrs Maggott

Competition Winners

Best in Parade: Shon-tay Williams

Poetry: Perfectionist –Isabella Lutman

Self-Protected – Adele Thomas

Who I Am – Troy Cadence

Art: Fools & Horses – Tarell Clarke

Advert: Kelis Beard

Nursery – Kenzie Thomas

Reception – Carla Phillips

Year 1 & 2 – Shae-lyn

Year 3 & 4 – Kiara Fowler

Year 5 & 6 – Rosie Lindsay

We are missing some of our Swimming Noodles – if you have borrowed any, please could you return it to the school as soon as possible, thank you.

Who am i?

Why am I loyal?
Loyal because I'm friendly
Like bright stars in the night sky.
New friends and trust them
Like a key and a locket.

Why am I crafty?
Crafty because I can make things easily.
When Im crafty
I feel like I'm in a new world
Like a galaxy.

Why am I gifted?
Gifted because I can do things that I couldnt do.
I feel smart
Like a teacher-I know that I can finally do it.
I feel confident now.

Why am I friendly?
Friendly because I help people when they need it.
Having friends is
Like having a sister you can trust on.
Friends are similar to stars
You can't always see them
But they are always there

Who am I?

*Who am I?
Enthusiastic, that's me!
A normal girl loving school work
Learning new things; history and science
Work hard- a world famous paleontologist
Like Paul Serrano
Forever enjoying paleontology-forever
Full of fascinating creatures
Allosaurous, Eoraptor, Pachyrhinosaur
All stomping, creeping, roaming all around
In both land and sea*

*Love activities? That's me as well!
Strong willed, positive and fun
Running and swimming and reading and Lego
Having fun, keep going, let the mind relax and learn more.*

*Gets upset? Yes that is me also
Self-protective -do not show how others make me feel
Making feelings close with a seal*

*Do I love my family and those around me? Yes I do
Looking out for people is what I do
Both adult and child*

*Sacrificing between what was wanted to do by me
By what that person want me to do, I'll do it...
Love my family and the people around me
Safety and warmth and take care
Teach the right between right and wrong
Protect and treat everyone equally
Who am I?
A tall girl who has a family who loves her
A girl who wants to be a paleontologist and wants the best for people
A girl who will always be there to play, talk, and to be friends with
Everyone is equal and are special in different ways
Who am I?
A normal girl loving school work
Learning new things; history and science
Work hard- a world famous paleontologist
Like Paul Serrano
Forever enjoying paleontology-forever
Full of fascinating creatures
Allosaurous, Eoraptor, Pachyrhinosaur
All stomping, creeping, roaming all around
In both land and sea*

By Liana

Perfectionist.
 Perfectionism, my biggest flaw.
 Locked in a box with no key.
 Maybe someday I will find one.
 But for now- trapped.
 Held hostage by my own mind.
 Forced to do whatever she wants.
 So difficult; I hate it.
 My body,
 A different person to my mind.

Perfect.
 Perfect. Perfect.
 Perfect. Perfect
 Perfect.
 Perfect

Still not perfect.

Sensitive.
 Sensitive, fragile, ceramic
 Model, prone to breaking.
 Sometimes, I feel like
 Other people's punching bag.
 I am not.
 Can't they see? Can't they see that
 I am a real person?

Restless.
 I cannot sleep
 My mind is awake,
 Thinking. Thinking about school.
 About friends, about life.
 I think about things that hurt.
 Even though thinking makes it
 Hurt more.

Idealistic
 Me, an optimistic idealist.
 Who the world lets down.
 A wishing machine with one flaw:
 None of the wishes ever seem to
 Come true.

Aesthetic
 A forever changing.
 Moody, flow of creativity.
 Dancing, singing, writing, drawing.
 Art flows through my veins
 I do not have blood.
 I have creativity.

Perfectionist.
 Sensitive.
 Restless.
 Idealistic.
 Aesthetic. That's what I am
 That's not the question though.
 The question is 'who am I?'
 And the answer:
 I am special.
 I am unique.

I am me.

Who am I

I run like the wind fast and furious
I jump like a spring but 1 metre 5
I leap from the sky
And do an outstanding dive
That's who I am an outstanding guy.

I'm funny with humour I tell lots of jokes
I give people the fits I like that the most,
More about humour
What could I say I laugh and laugh
With my friends every day.

Fearful of lizards they are the worst
A wizard I would give them a curse,
Never come back, leave the town,
To go up the mountain and never be found.

I like football but can't shoot far
I try my best to be a star
I won't to be just like Neymar Jr
Instead of p.s.g a Liverpool star.

Gifted-
 I am gifted with my skills, sports-
 Part of me
 I was young;
 I found a talent that I love.
 I feel enthusiastic
 Like a strike of lightning
 Power, strength, bright, deadly.

Crafty-Creativity,
 Design and constructing comes naturally.
 Determined, independent
 Strong willed that is me.
 Like paused in a moment
 I am construction, control, focus.

Perfectionist- I'm a
 Perfectionist doomed to
 Frustration,
 I like to be perfect,
 I think it means to be perfect
 Like mission accomplished!

International Women and Girls in Science Day

Thursday 11th February was International Women and Girls in Science Day. This day is an opportunity to promote full and equal access to and participation in science for women and girls. Below are a few photographs of the girls at Two Boats School engaged in some science experiments.
