

Two Boats School

Newsletter

Friday 9th July 2021

Hello everyone

It is the end of another busy week here at Two Boats School. There is only four more left for this academic year. Staff have been busy writing end of year reports for their classes and you can expect these to be brought home to you by the end of next week. There will also be a letter to tell you about the parents evening for the week after. Secondary to be held on Tuesday 20th July and Primary Wednesday 21st July.

Our apologies if the Newsletter is issued a bit late during the next few weeks, as our photocopier is out of action. Thank you to AIG for kindly letting us use their copier in the meantime.

Please also be aware that Mrs John will be away from the school office for 3 days next week 14-17 July undertaking first aid at work training. Whilst the phone will be manned there might not always be someone in Reception, so please ring the bell for assistance.

That's it for this week.

Mrs Maggott

Year 3 and 4 made Japanese Sushi in cookery class this week. Thank you very much to Chef Danny and his assistant Miss Asami for leading the activity. It was a lot of fun!

A reminder for Years 2-8, if you would like to join in with the Ascension Explorers activities over the holidays, permission slips need to be submitted to the school office by Friday 16th July.

Year 1 and 2

Us at the start of the year! Do you think we've changed?

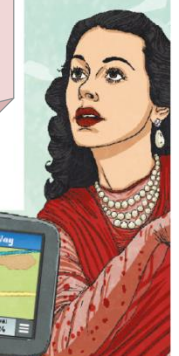

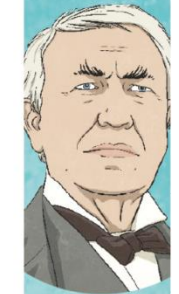

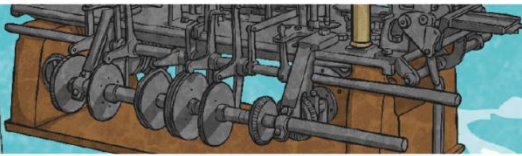

We can't believe it's nearly the end of our time in Year 1 and 2! It seems like we've fit in so much over the last year!

To finish off our year, in Literacy we have been reading 'The Owl and the Puss-cat' by Edward Lear. We have also started our Inventions topic and we have been fascinated to learn about different inventions that have changed the world.

In Maths we have learnt so much this year. We are recapping and consolidating all our knowledge so we're ready for our next year group in September.

Our Amazing Learning

Home Learning
We had some wonderful home learning for our Inventions topic. Well done everyone!

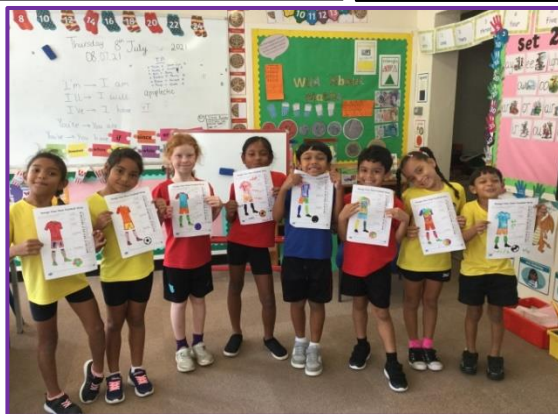

Paper Collage

Year 1 and 2 have been making some beautiful collages with Mrs Yon this week. They had some pre-cut out coloured triangles that they stuck onto black card. Year 1 cut out shapes to make a silhouette effect.

Year 2 cut out a border from their collage and then stuck it onto black card. Finally they stuck their collage shapes onto the black card with a border to create their finished collage scene. Don't they look amazing?

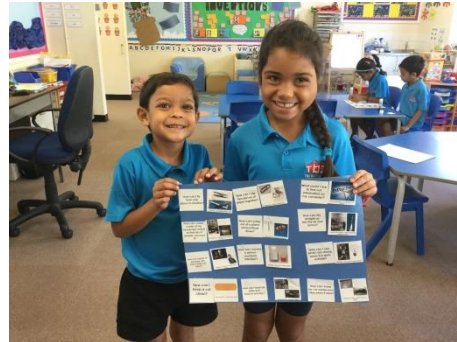

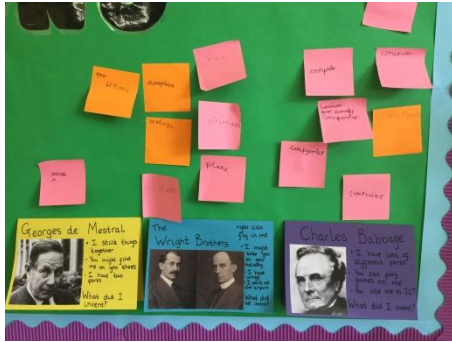

In French class, year 1 and 2 have got into the spirit of Euro 2020 and created their own designs for a football kit. They used their knowledge of the colours in French to label their work.

Our Amazing Learning

In History, we're learning all about Inventions. We had to read the clues and try and guess what the person invented. Then we had to read the Inventors questions and match it to the correct invention. We used brilliant teamwork skills to help us.

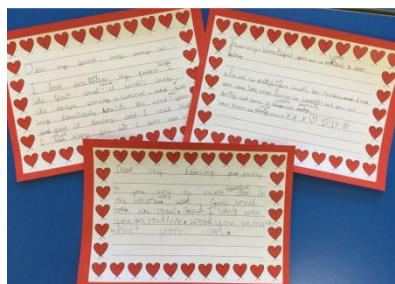

Do you like our human food chains and paper food chains we made in Science?

In Literacy, we have been thoroughly enjoying the nonsense poem 'The Owl and the Pussycat' by Edward Lear. This week we wrote love letters from the owl to the pussycat. We had to use suitable adjectives and verbs and we had to make sure our letters were very persuasive.

We've started a class dictionary as Edward Lear uses lots of words we don't recognise. Do you know what any of them mean?

- Elegant
- Fowl
- Charmingly
- Tarried
- Shilling
- Quince
- Runcible
