Newsletter

Friday 15th October 2021

Hello everyone,

This week has been slightly quieter than earlier weeks, a time for us to take a breath before we move into our last week of this first half term.

We welcome back Mrs Winnie and Mrs Reynolds. It will be lovely to have you back ladies.

Denise our Office Administrator will arrive back on the Titan next week and will then be back to work. This means that Natasha will then be finished here with us. Thank you to Natasha for filling in for Denise. You have been fantastic and done a great job.

I can now confirm that we have appointed our Year 5 & 6 teacher, who on completion of successful checks and medicals will join us in January 2022.

Carolyn Kewen our Educational Psychologist will arrive on the next A400 flight and after isolation will be in school to see some of our students. If this involves your child, you will receive a letter next week with further details. Please feel free to come and see us if you're have any questions or concerns.

Our Year 11 students will be sitting the first of their Triple Science Exams (Biology) next week. Good Luck guys, you have got this! I am confident you will both do well.

Tuesday 19th October will be our Year 7 Parents Evening. This is a chance for you to talk to the teachers about how your child is settling in to life in the Secondary

school and to ask any questions you may have. We look forward to seeing you then.

Friday 22nd October is our Annual Harvest Assembly. You should have received a letter about this. It will be lovely to see Parents/Carers at this assembly and to share lunch with us.

Our annual Sports Day will be held on Sunday 24th of October at 9am. Details of this will be sent separately by Mr Duncan.

Please also remember that the Library and Resource Centre will open in its new home in Georgetown at 11am on Saturday 23 October.

That's it for now.

Mrs Maggott.

Newsletter

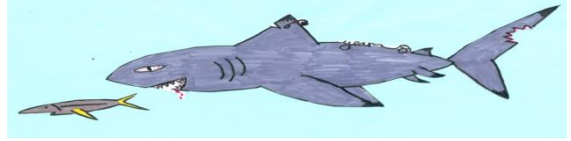

Friday 15th October 2021

Hello and welcome to this week's newsletter, brought to you by Y8!

We have been hard at work over the last few weeks and have settled back into school life and got used to not being the youngest in the secondary school anymore. We also welcomed Leeanna to our group and to Ascension Island, as well as Mrs Giles, our new form tutor. Here's a little snippet of what we have been up to so far.

Our Year 8 Logo, designed by Jordan and Jaylen

Jordan – So far I am enjoying year 8 and I can't wait to see what comes next. One of my favourite quotes I have seen around the school is in the English room and it is "Life is like a book, every day is a new page, every month is a new chapter and every year is a new series."

Leeanna – I have enjoyed being in school and doing English because we are reading about Sherlock Holmes and trying to figure out who killed Julia in *The Adventure of the Speckled Band*.

Troy – I have enjoyed DT, HE and Science because we have had a lot of practical sessions in all three of them and they were fun.

Zayla – I have enjoyed English, Science and Maths and our first year 8 practicals. In English we have been reading *The Adventure of the Speckled Band* and in Maths we have been doing ratio. In science we have been doing the digestive system and in our HE practical we did a full English breakfast.

Lucas – So far I have enjoyed school. We went on a trip to go on the HMS Protector. It was very fun looking at all the equipment on there and what they do. They also had machine guns!

Rhiann – I have enjoyed English. We have been learning about the story of the Speckled Band and it has been really fun. I have also enjoyed Science.

Jaylen – I really have been enjoying DT in year 8 because we are learning how to make key tags.

Wyatt – I have really been enjoying English so far because we are learning about Sherlock Holmes and reading a really interesting story about the Speckled Band and everyone is really into it!

Mrs Giles – The creativity and passion of all the students at Two Boats has just blown me away, and I've loved seeing how enthusiastic year eight have been with their lessons this term, from solving murder mysteries in English to "catching" deadly diseases in science. Even outside of school they continue to impress me with their commitment to MPA and music, to name just two. I can't wait to see what the rest of the year holds for us all!

Ascension Island Library and Resource Centre

The Ascension Island Library and Resource Centre is opening in its new home. We have a wide selection of lovely Books and DVD'S you can borrow to suit all ages, so why not come and have a browse.

Look forward to seeing you there.
