Hello Everyone,

It's the end of another week, the first of this term. Only five more weeks left of this academic year.

We had our last celebration assembly for this year this morning. Certificates were presented to the stars of term 3A. Well done to you all!

(Star of the Term Students for Term 2B)

Preparations are going ahead for our End of Year awards assembly which will take place at 2pm. All parents are invited to attend, please arrive a few minutes early so that we can have a prompt start. All students will be allowed to leave school once the assembly is over.

In keeping with the celebration theme all staff were presented with a certificate for their commitment and support to the school this academic Year. Go Team TBS!

(Staff of TBS)

The next couple of weeks will be busy for our Secondary students as they will be sitting their End of Year Exams. Remember guys as long as you can say you have done your best no one can ask for more.

Reminder: Just sending a gentle reminder for outstanding monies please for School Hoodies and Uniform Shirts. Payments can be made via cash or bank transfer, contact the office on 64432 for details. Thank you.

Ascension Explorers -Reminder to send in your permission slips for the summer holiday activities with Conservation by 12th July. Thank you.

That's if for this week.

Class of 2022

(Owen Thomas & Pyper Beard-Wade)

On Saturday 18 June Owen and Pyper held their Prom at Two Boats Club Restaurant. It was a night of celebration and fond memories of their time at TBS. Both students have done amazingly well during their time at School and I am confident that they both have a bright future ahead of them. Thank You, to the students, their parents and the staff who ensured that the night was a great success. To Kayla and her team thank you also for the lovely meal.

(Owen and Pyper with School Staff and families)

Best wishes and Good Luck Owen and Pyper!

In French lessons this past half term, year 1 and 2 have been looking at the calendar. They've learnt how to say the days of the week and the months of the year. They then incorporated their prior learning of numbers and were then able to say their birthdays. The students have made some lovely display pieces, showing that they can write their dates of birth and they showed excellent teamwork by putting the days and months in order.

In Geography we have been looking at animals around the world. We have learnt about the equator line and how the Earth's temperature and climate changes in relation to the distance from it. We have explored how animals features are suited to where they live, the diet they eat and the type of animal they are, as well as looking at the five main requirements that enable animals (including humans) to thrive and grow.

We worked in groups to create the various habits below and created labels to show the food source, water source, area to protect the young and provided shelter.
