Thursday 2<sup>nd</sup> June 2022

Hello Everyone,

It's the end of another short week and we are all looking forward to the long holiday weekend. There is so much happening over the weekend, read on to find out what TBS have/will be up to.

This week we welcomed Mrs Chelsea Ellick into school on a part time basis as a TA. Chelsea has settled in well and you will hear from her in the coming weeks.

Thank You to all the parents who turned up for the Year 7 and 8 Parents meeting on Tuesday. As always your ongoing support is much appreciated.

Our little school Library has opened and is going well. It is lovely to see the students using this space at Lunchtime to read and play games. We have just recently received some of our

new books which are currently being put out in the Library. These books were purchased with the spelling bee sponsored money (winners and runners up of the spelling bee will be presented with their certificates next week). Thank you to our student librarians who have volunteered to support with the Lunchtime openings.

### Amendment to last week's Newsletter

The End of Year Awards Assembly is **Friday 15<sup>th</sup> July** not 15<sup>th</sup> June as previously stated more details to follow.

That's it for this week. Enjoy the Jubilee celebrations.

Tania Maggott  
Head Teacher

### Jubilee Arrangements

#### Thursday 2<sup>nd</sup> June: Beacon Lighting Performances

Primary children have been invited to perform two songs prior to the lighting of the beacon. There will also be musical performances by some secondary pupils. Please arrive at Jubilee View at 8pm. There is no set dress code for this event.

Parents and Carers are responsible for the transportation of their children to and from the event, as well as the supervision of children for the duration of the event.

Please note that shuttle buses will be running from outside Saints Club at 7.30pm and 7.45pm and will return from Jubilee View at 9.30pm and 9.45pm.

#### Friday 3<sup>rd</sup> June: Art Exhibition and Floats

The Art and Craft Exhibition will be judged in the morning and will be open to the public from 15.00pm.

Those who are part of the Walking Float should meet in Georgetown Town Square at 4.45pm. Please wear a red, white or blue top and dark bottoms.

#### Sunday 5<sup>th</sup> June: Art Exhibition Prize-giving

The prizes for winners of the art and craft exhibition will be awarded during the Street Party.

## YEAR 7

Hello and welcome from Year 7. The students have been working very hard in all their subjects and would like to tell you about some of things they have been up to.

Hi I'm Cohen.

In ICT we have been learning about Photoshop. I have made this Coca Cola image as part my advert task as we have been learning how to use layers and duotone in Photoshop. I am quite happy with what it has turned out to be.

During the Kung Fu club we have been learning a few kicks and punches. Its quite fun as well! It is taught by Miss Wilson.

Hi I'm Kaia. In ICT we have been doing Photoshop, I created a movie poster and I like it because it's to do with Scooby doo. to make this movie poster I had to go through a lot of steps, I had to use layers to make my poster even better. I blended my pictures together to give it a cool effect.

In my art lesson we've been creating papier Mache shells with black Zentangle patterns on a white background .this project was made for the Queens platinum jubilee. In my lunch times I like going into the art room as I am painting of a turtle covered in patterns inspired by Thanea Mc Ardle

Hi am Leromeo, In ICT we have been working on Photoshop. We have been doing a lot like making hybrid animals with layers. We used 3 or more different animals to create our own animal. We put the animal parts together and we blended them together with the burn tool to make some parts darker. I put a fish head on top of an owl body and made it look more natural by making it darker and I finally added a lizard tail to balance it out. I have also been doing kung Fu after school on Wednesday and have enjoyed it.

Hi I'm Kaelyn, In ICT lessons we have been making magazine covers on Photoshop. We've been learning how to do adjustments, changing the mood, creating a composite image, hybrid animals and duotone album covers. It has been one of the most enjoyable lessons since I've moved up to year 7, but to be fair I've enjoyed all my lessons in seniors. I think my magazine task was the most fun and most successful so far because Mrs. Hudson doesn't make it all about the lesson we have some jokes and she talks problems through clearly and really does help us.

Hi I'm Molly, and I would like to tell you about what we have been doing in ICT. We have been using Photoshop. We have used Duotone to create Album covers of already existing ones or our own. I am very pleased with the final outcome and have enjoyed this topic. Outside of school I am a loud humorous person. I sometimes chill out with friends whilst listening to music and having a laugh somewhere in the village.

Year 7 have also been exploring what life was like in Tudor times. They would like to share some interesting facts with you.

*Kaia: In Tudor times, if you were found guilty of murder you would be boiled to death in a big bowl filled with hot water!*

*Cohen: Doctors would cut open a vein to let out 'bad blood' to 'heel' people!*

*Kaelyn: Queen Elizabeth I liked to watch bears and bulls attacked being attacked by vicious dogs and being whipped by men!*

*Molly: More than 90% of Tudors lived in the country side and used farming as a living!*

*Leromeo: 75% of rich Tudor's diets were full of meat!*

*Miss Wilson: Did you know that Tudor children went to school from 7am (6am in summer) until 5pm 6 days a week! I'm sure all children are glad that it is not as long these days!*

Interesting to see how times have changed since the 1600s. That's all for now from Year 7.
