

**Two Boats School**

# Newsletter

Friday 3rd February 2023

Hello Everyone,

The end of another busy week here at TBS!

This week the Primary students had a visit from the police for a talk on Road Safety Awareness. Students were briefed on how to walk safely to and from school. In addition they were also told about the importance of seat belts and how to wear them correctly. Thank you to the Police Department for your time.

We are always open to having visitors to contribute to the learning experiences of our students. In the calendar already we have sessions planned by Lorna (Conservation), Hayley (School Nurse), Paul (Social Worker) and the Police. Thank you all in advance for your ongoing support to the school.

Next week is Children's Mental Health Week here at school, there will be a number of activities taking place to support this important issue, more to follow in next week's edition.

### TBS School Library

Our School Library is growing and we have some fantastic books to suit all ages available for borrowing. Can I please ask that you check at home for any outstanding library books your child/ren may have and return them as soon as possible.

Thank you to Miss Wilson who kindly donated some new books to our library this week.

### Thank you

From all of us here at TBS a big thank you to Ms Ursula Harris who has kindly volunteered her time supporting in the Primary Sector this past month. Enjoy the rest of your holiday!

That's it for now.

Tania Maggott  
Head Teacher

**Landcrab Tours** coming soon - don't forget to book a space!

**LAND CRAB TOUR**

JOIN US FOR A UNIQUE CHANCE TO WITNESS ASCENSION'S RARE LAND CRABS UNIQUE MASS SPAWNING EVENT

**MARCH DATES TO FOLLOW!**

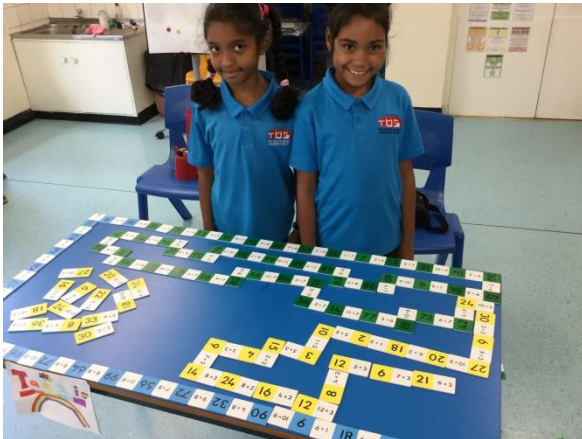

## Welcome to the Year 3/4 pages of the newsletter.

### What have we been learning so far this term?

Currently, we are studying The Maya in our Humanities Topic, Animals and their Habitats in Science, Non Fiction and Diary writing in Literacy, The Bible in RE and Multiplication and Division in Numeracy.

The photos below celebrate some of the good learning that is happening in our class.

#### Numeracy

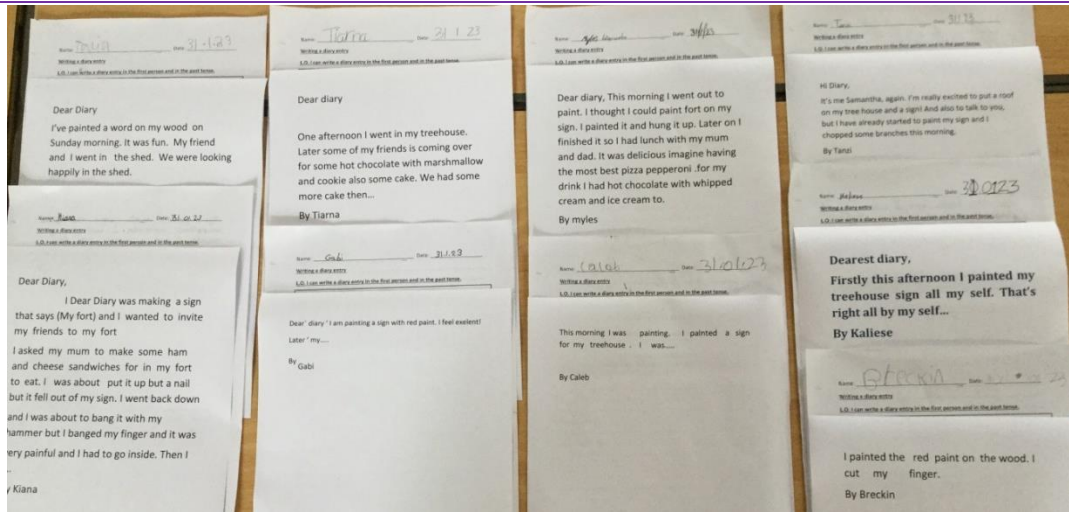

We all worked with sets of dominoes to improve our times table skills. These two students asked if they could complete a challenge using three different sets of dominoes, making a total of 72. They managed to use most of them. There was a lot of thinking required to use this many dominoes in one game.

#### PSHE

As it is Mental Health week from February 7<sup>th</sup>, we have also been looking at how to Think Positive! We have come up with lots of ways to make ourselves feel happier when we are feeling a bit down, upset or even frustrated. We illustrated these on our wall display, which is outside Mrs Maggott's office. We have learned that everyone is connected – like a spider's web.

#### Literacy (& Computing)

These are diaries written by the students. We looked at a scene and imagined that we were in it. We had to write it out showing that we could write in the first person, in past tense, show our feelings and refer to time. As part of our Word Processing in ICT we have just begun to type them out, before we add different features. These are our first drafts.

### Humanities, Literacy & Science

We have linked our study of information texts with both our Humanities topic and our Science. Here are some examples of information pages:

We hope you enjoyed looking at our work.
