

Hello Everyone,

We are half way through Term 2a and the Examination period is fast approaching. To support us with the invigilation of these examinations for our students we are looking to recruit on a casual basis candidates for this important role. If this is something that you are interested in doing please do get in touch with the school to find out more.

On Tuesday 6th February Eye screening will take place here at school by Dr Priscilla Brown. Should you have any questions please do let us know.

Next week 5th – 9th February the school will be celebrating Children’s Mental Health week. There will be a number of activities going on throughout the week. You will have received a letter from Mrs Giles, and the student council have organised a competition for students to take part in. Please do check your emails for this letter. A further update of the week will be provided in our next week’s edition of the newsletter.

House Points:

The weekly winners this week were once again Elliots with points. Congratulations to all in Elliots house!

Carla Phillips – Primary Most House Points

Zoe Peters- Star of Term

That’s it for this week!

Tania Maggott

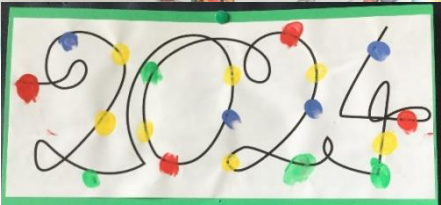

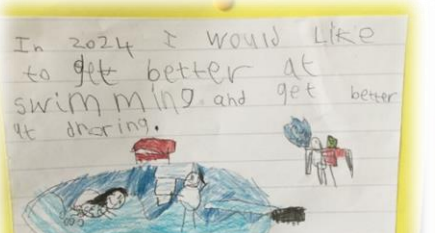

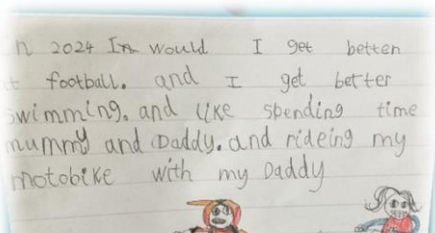

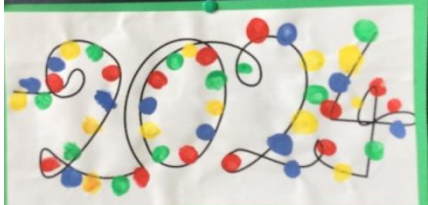

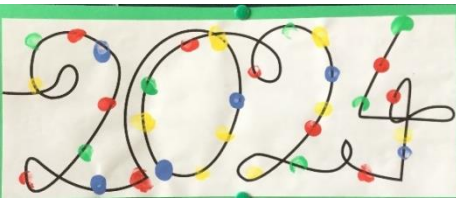

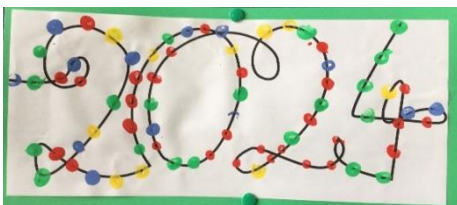

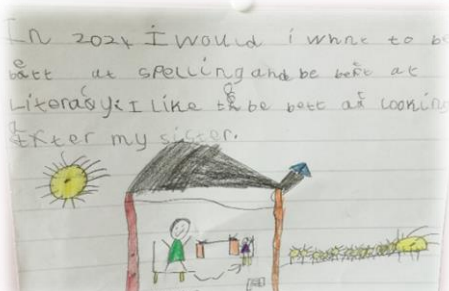

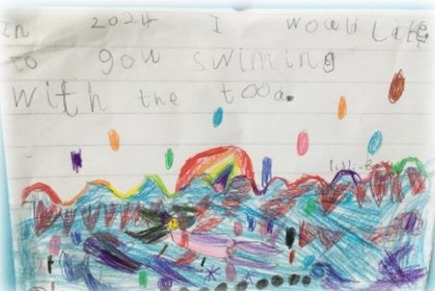

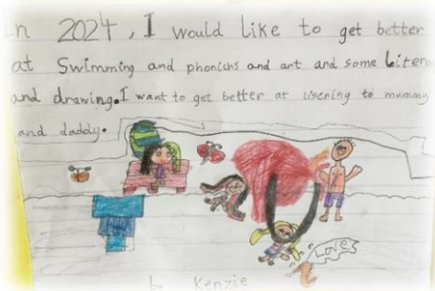

Head Teacher

Star of the Week: In the primary school we had Carla and from the secondary there were joint winners Liana and Izzy. Well done girls and keep up the great work!

A warm hello from KS1!

Year 1 & 2 have settled well and have had a good start to term 2A. To begin the half term, we discuss and shared what we are our hopes for the new year and the things that we would like to get better at and achieve by the end of 2024.

Here is what year 1/2 would like to achieve by the end of the year! To our accompany our writing we did some finger painting!

Friday 2nd February 2024

Year 1 & 2 Humanities topic this half term is all about our local area/ our home.

Everyone has enjoyed this topic so far especially when they all had to become pirates for the day and find the hidden treasure. A set of direction were given, where the children had to follow until they reached where the treasure were buried

In our P.S.H.E our topic for this half term **ONE WORLD**, we have been looking at

They all enjoyed exploring and finding out how people uses different materials to build their homes. This also linked to our science topic of material where we have been exploring the materials and deciding whether they are hard or soft material. We have also been looking at different objects and what materials are these objects made off.
