

Hello Everyone,

Here is the first edition of term 2B. It has certainly been a very busy week! The GCSE Examination period has begun and we have had some exams this week. Good luck to all our Year 11 students.

Thursday 7<sup>th</sup> March we said Goodbye to Lennix Henry who will leave Ascension for St Helena on the weekend. It was lovely to have you as a part of our TBS Family Lennix. All of us here at TBS wishes you and your family the very best for the future!

As is our normal practice for the first assembly of each term we had our pastoral/celebration assembly, the assembly started with Miss Young's presentation on the Power of Laughter, which was very apt for the day when staff and students were sat dressed in their World Book Day costumes. The

celebration part kicked off with certificates being awarded to our Star of the term (2a) students as voted for by their class teachers.

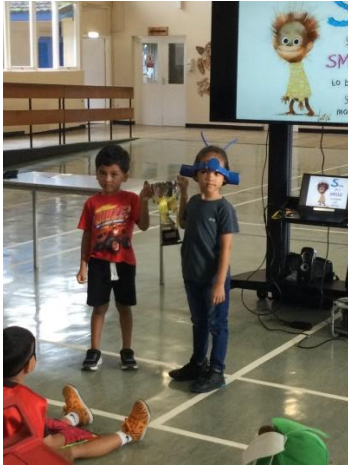

This was followed by the awards for most House points of the term for each sector.

The House cup for this week was awarded once again to Elliotts with 160 points and our star of the week awards went to Zyah Lawrence in Primary and Jacob Yon in Secondary.

*(Winners of the Week – Elliots)*

Congratulations and well done to all!

Thank you to all the students who entered the Your Voice Matters competition. We had some fantastic entries. Mrs Giles then displayed the entries for all staff to vote for their favourite entry in each category. The entries with the most votes were then awarded prizes. The vote was very close!

Congratulation to all our overall winners!

Prizes awarded were donated to us by the Bad Company Fishing Adventures team. Thank you!

Today TBS celebrated World Book Day and once again students with the support of their parents went all out and there were some amazing costumes. Great job and well done to you all!

Please read on to see some of the costumes and to find out what students got up to during the day.

That's it for this week!

Tania Maggott  
Head Teacher

## Hello from Year 5 & 6

This term our focus in science has been about space. We had lots of questions about how the solar system works and our place within it.

We began by finding out old ideas of how the solar system worked and then began to explore how these changed over time due to different scientific discoveries and new thinking. We found out about the different planets, their order in distance away from the sun and how this affects their climate. We explored the connections between the Earth's orbit of the sun and its rotation and that of our seasonal year and night and day.

Much of our learning involved practical demonstrations at Earth level! These included; creating the solar system in the playground, modelling night and day using a wheely chair and a torch, and learning about the phases of the moon using Jaffa cakes or Oreo cookies! (our favourite bit!)

*"Did you know that Pluto is now classified as a dwarf planet?"*

*"Did you know that the planets move around the sun?"*

As part of our Cooking Design technology curriculum this term we have been exploring sweet and savoury recipes. We also learned about the research, design, plan, create and evaluative process involved in making a product. This term we made our own burgers.

We first of all recapped what we knew about food hygiene and safety BEFORE we went into the kitchen. We then designed our own burgers, thinking about not only what tasted good, but also what would also look appetizing too!

We planned what we would need to make them and the equipment that we needed.

We mixed, kneaded, baked, chopped, and fried! We also added our own toppings!

*"We got to try new recipes and taste new foods!"*

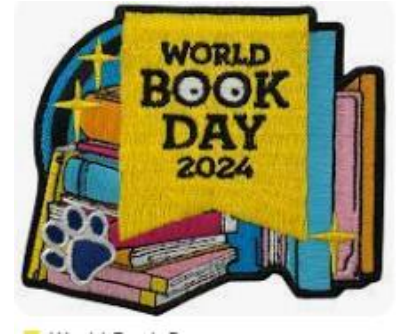

*"I liked that we got to cook and that it tasted good!"*

This half term we are learning about forces in Science and 'The Ancient Kingdom of Benin' in History. We are learning about persuasive writing in English and the miracles of Jesus in RE. We will also be working with MR D in DT.

Happy World Book Day! As per tradition, we had a fantastic parade showcasing the wonderful costumes that the students wore in celebration their favorite book characters or word on Friday the 8<sup>th</sup> of March. Here are some images of our parade.

**YEARS  
5 & 6**

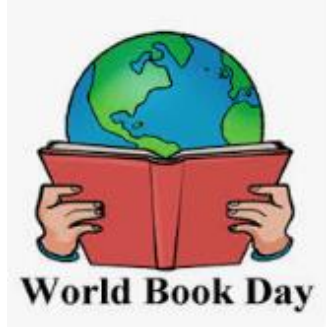

**YEARS  
3 & 4**

**YEARS  
1 & 2**

**NURSERY &  
RECEPTION**

Some of the staff. Can you guess which book we were representing?

- Our Winners...
- EYFS -ELI
  - Yr1&2- Lilly-Beth
  - Yr3&4 -Zoe
  - Yr5&6 -Tanzi

All the adults in the school also shared their favourite books and using just the book covers, we all had to guess which book was chosen by which adult. Can you guess which book matches the adults at our school?
