Friday 21<sup>st</sup> March 2025

Hello Everyone,

On Wednesday we invited some guests in to see the school in action. They had a tour of the school to see the students engaged in their many different lessons and to gain an insight into what happens daily in our classrooms. Thank you to all those who attended, we appreciated the time you gave out of your day to come and see us. It is hoped that we can do more of these so please do get in touch with us if you would like to come and visit.

Our Year 11 Food students took their Food practical exam on Wednesday morning. This involved them cooking five dishes in 2.5hours. As is always the case here sourcing the ingredients for this was a bit of a problem. So once again thank you to all those who contributed ingredients and fresh produce. The food smelt and looked amazing so fingers crossed the students have done enough to get the grade they deserve.

## World Water Day

Tomorrow is World Water Day and in the assembly this morning Hayley (Conservation) talked to the students, to raise an

awareness of freshwater issues and to promote sustainable management of our water resources. It was an informative assembly with lots of key messages to take away. Thank you, Hayley, it was lovely to have you with us.

## House Points

The house cup changed hands again this week, reverting back to Cronks. Well done Cronks!

Our stars of the week were George from Primary and Mitchell from Secondary, Congratulations to both boys!

In our assembly on Friday we said goodbye to Kaya and Logan, both students will shortly leave the shores of Ascension and return to the UK. From all of us here at TBS you take with you the very best wishes for whatever adventures follows next. Good Luck!

## Reminders

Careers Fair -Our biannual Careers Fair will be held at school on Thursday 1<sup>st</sup> May at 1.30pm. If you would like to take part and haven't already been in touch please do contact the school office to register your interest. Further details will follow in due course.

Nursery -As is customary for this time of year we would invite parents of any children eligible for our Nursery intake in September to please get in touch and register your Child's name with Tash in the Office. Please be aware that we operate a one intake only system starting in September.

That's it for this week.

Tania Maggott  
Head Teacher

## Hello from Year 3/4

Last half term, Year 3 and 4 focused on the Mayan civilization and looked at different aspects of this topic. They have shown great understanding and produced some beautiful pieces of work.

For Art, year 4 children focused on using 3D and collage skills to create images to reflect their learning about the Maya civilisation.

As a group they decided to focus on the Mayan masks. Which often includes masks of animals. They used the examples given to them and showed great understanding when drawing their masks. Furthermore, they then completed paper mâché and turned their 2D masks into 3D.

For holiday homework, the children were tasked with making a model or creating a piece of writing of their choice to depict the Mayan civilization. Thank you to all the students and parents, who took the time and creativity to make these, they are AMAZING!

Creation's of the Mayan temples.
