

Hello Everyone,

We ended week two celebrating Jeans for Genes day, staff and students wore their Jeans to school and donated money to be sent off to the charity which is celebrating its 30<sup>th</sup> year! We had an assembly where we played a little genetics game and then each house got to decorate a pair of Jeans. TBS has a long history of supporting this worthy cause which supports families with genetic conditions. Off course we didn't do it alone, so thank you so much to the Island employing organisations and their teams who joined us and contributed. Your support as always is greatly appreciated. Total money raised will be published in next week's edition.

## Naafi Lunches

We are pleased to announce that Naafi has kindly agreed to start lunches again on Wednesdays. If this is something you are interested in then please do send in orders and money on Tuesday mornings. A menu will be emailed out to all parents so do look out for this.

## House Points

The weekly house cup was won this week by Elliots house. Congratulations to all students in Elliots! Our stars of the week were Chase in Primary and Dane in Secondary. Great Job Boys!

## Reminders

Could we remind any parents who have yet to send their permission slip for trips and polices or have outstanding payments for school uniforms to action these as soon as possible.

We are looking forward to having Mrs Roberts back on Monday and welcoming our new Nursery students in.

By the end of the week we will also have our new student council in place.

That's it for now!  
Tania Maggott  
Head Teacher

## News from Year 7

Meet our new year 7's! - (Eva will join us next week)

We have spent almost two weeks now in Secondary, quite a change from Primary! Some things have been good and some things have been challenging for us! This is how we found our first week as a secondary student ...

### Positives!

Less students.  
Different teachers  
Using computers at lunch

My first week in Secondary has been fun, but I really missed my friends in Primary. I enjoy having responsibility because it's different. I also miss having golden/silver time and going home early. I like going to ICT club lunchtimes and choosing what I do on the computer. I can't wait for activities week and work experience. I hope I get golden tickets.

My first week of seniors was fine but it's only been one week so I don't really know how I feel about seniors yet. I think my favorite subject is ICT and science because it is interesting. I can't wait until two weeks of activity because it looks like fun. We did kind of get a bit more homework then we did in primary.

*"All change is hard at first, messy in the middle & gorgeous at the end!"*  
Robin Sharma

**My first week in seniors was fun. We got to do a lot of things we never got to do in Primary like javelin in P.E. We got a bit more homework that we did in primary but it was really easy. I did really miss going home early to. I can't wait for activities weeks.**

### Challenges!

Homework  
Remembering equipment and where to go.  
A longer day!
