

Hello Everyone,

Sunday the 5th October is **World Teacher's Day** and this year is dedicated to the theme "Recasting teaching as a collaborative profession" highlighting the importance of collaboration as a driver of educational transformation. So today we celebrated Teacher Appreciation Day here at TBS! All teachers and staff were thanked for their dedication, hard work and their commitment to all students here at TBS. Once again, we were appreciated by our amazing students and their parents and we couldn't be more grateful. We do what we do because we care and certainly not for any rewards and gifts but it certainly helps us to keep going day after day striving always to do the best we can!

Thank you to the TBS PTA committee for the year 24-25 and all that you did to support our students. Without your support our students wouldn't receive some of the treats and luxuries that they do. I am pleased to say that we have a new committee for the coming year and there will be a newsletter coming out very soon from them.

House Points

Wednesday 8th October is "Make your Mark" day here at TBS when all 11-18 year olds get to have their voice heard and vote for the topic most important to them. Votes will then be counted and totals sent off to the UK to be debated at the Youth Parliament in November. In preparation for this we welcomed Councillor Nicholls into our Assembly on Friday Morning to tell us a bit about his experience at Last Year's JMC which he attended. Thank you Councillor Nicholls! More details of the ballot will follow in next week's edition so watch this space.

Congratulations to Cronks the winners of this week's House cup and to Meeah and Molly our stars of the week for Primary and Secondary respectively. Well done all!

That's it for this week!

Tania Maggott

Yr 8/9 Newsletter

A teacher is like a guiding star
Boosting your confidence, taking you far.
They are like a bubbling spring,
Don't you know, they know everything! 😊

A burning flame to light a fire,
A thirst for knowledge to take you higher.
A compass, a map, a sure-footed guide,
Someone who will be right there by your side.

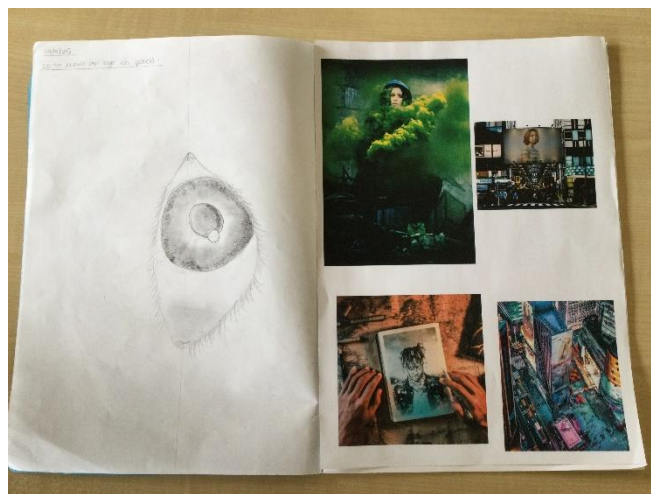

A bridge with which to cross the work,
Watch out! They know when students shirk!
A lighthouse in a stormy sea,
They'll help you be who 'you wanna be'

Like a gardener watching a flower to grow,
When they are proud of you, they'll let you know.
So, thank you teachers for your dedication,
In your hands you are shaping a nation!

Kia, Bernice and Mitchell

Thanks to all our teachers!

Teacher Appreciation Day: 03 Oct

Our Art Work

We are really proud of our art work this year and wanted to share our projects with you. We have been working on portraits and digital art and really enjoyed researching images and then using them to show our skills.

Fire Trip!

We were really excited to go on a school trip up to the fire facility at the airhead. This was part of our science curriculum on combustion taught by Ms Henry. We were able to learn about fire safety and training. We then had a go with the equipment Here's what we had to say about the trip:

'Tons of fun' Bernice

'It was cool' Kia

'It was fascinating' Mitch

Our thanks go to Ms Henry and Mitie Fire team for making this happen!
